Bid Tabulation Instructions
General School Supplies Bid
348-05-09-B

To Whom It May Concern:

Below is the bid tabulation for the above referenced bid. The tabulation is our initial award and does not constitute an order; all orders will be placed individually by purchase order. Orders may be changed after the initial award at the District's option due to unforeseen circumstances not considered during the initial award.

In the evaluation of this bid the District awards each line item separately based on a number of factors. Vendors may have chosen to group items together (with a minimum by manufacturer or an "All-or-None" by vendor) in order to lower their total shipping costs and reducing their bid price on individual items. Therefore, a low bid on an item that has been grouped with other items may not be least expensive over all for the District and we may have moved up to the next vendor to obtain our best value. Other factors which affect our decision to move up to a higher priced item may include our minimum or the vendor's minimum total order not being met, an item not to our specification, item not tested by the District, no sample to evaluate, or the sample didn't pass our test. Once an item had been awarded, higher priced bids for that item were not evaluated.

The Review Code area of the tabulation is where the District indicates why we have passed over a lower-priced bid. The codes include, but are not limited to:

- DNPT:** Did Not Pass Test
- FT:** Failed Test
- MM:** Minimum Met
- MNM:** Minimum Not Met
- MNM-a/n:** Minimum Not Met – All or None (indicated by vendor)
- NE:** Not Equal
- NS:** No Sample
- NT:** Not Tested
- NTS:** Not to Specification
- WPS:** Wrong Pack Size

Equals, alternates, and samples must comply with the terms and conditions of the bid and may not be awarded if the District has not had the opportunity to fully test the item prior to awarding the bid.

The bid was evaluated on total cost to the District, bid price plus tax. Since the District is required to pay a use tax of 8.4% (our current rate at the time invoices are to be created and paid for this bid) to Washington State Department of Revenue for all purchases that do not collect tax, an 8.4% rate was applied for evaluation purposes.

If your company participated in this bid, thank you for the time required to submit your bid.

Sincerely,

Darren King, C.P.M.
Purchasing Agent

Central Valley School District
