Quote Tab Instructions
Medical Supplies - 2008
281-08-03-Q

To Whom It May Concern:

Below is the tabulation for the above referenced quote. The tabulation is our initial award and does not constitute an order; all orders will be placed individually by purchase order. Orders may be changed after the initial award at the District's option due to unforeseen circumstances not considered during the initial award.

In the evaluation of this quotation, the District awarded each line item separately based on a number of factors. Vendors may have chosen to group items together (with a minimum by manufacturer or an "All-or-None" by vendor) in order to lower their total shipping costs and reducing their quote price on individual items. Therefore, a low quote on an item that has been grouped with other items may not be least expensive over all for the District and we may have moved up to the next vendor to obtain our best value. Other factors which affect our decision to move up to a higher priced item may include our minimum or the vendor's minimum total order not being met, an item not to our specification, an item not tested by the District, no sample to evaluate, or the sample didn't pass our test. Once an item had been awarded, higher priced quotes for that item were not evaluated.

The Review Code area of the tabulation is where the District indicates why we have passed over a lower-priced quote. The codes include, but are not limited to:

- DNPT:** Did Not Pass Test
- FT:** Failed Test
- MM:** Minimum Met
- MNM:** Minimum Not Met
- MNM-a/n:** Minimum Not Met – All or None (indicated by vendor)
- NE:** Not Equal
- NS:** No Sample
- NT:** Not Tested
- NTS:** Not to Specification
- PRICE/#:** Price per #
- WPS:** Wrong Pack Size

Equals, alternates, and samples must comply with the terms and conditions of the quote and may not be awarded if the District has not had the opportunity to fully test the item prior to awarding the quote.

The quote was evaluated on total cost to the District, quote price plus tax. Since the District is required to pay a use tax of 8.6% (our current rate at the time invoices are to be created and paid for this quote) to Washington State Department of Revenue for all purchases that do not collect tax, an 8.6% rate was applied for evaluation purposes.

If your company participated in this quote, thank you for the time required to submit your quote.

Sincerely,

Darren King, C.P.M.
