“Where Good Things Happen”

Principal's Grizzly e-mail  
October 26-30, 2009

We've concluded our student-led conferences! Our students have shared their assessment data and goals with their parents. I was impressed with our students ability to sit down with their parents and together write a meaningful goal and action plan. Over 90% of our students and parents attended the new arena style conferences. Thank you to our teachers for all the extra time and effort that it has taken this fall to prepare our students for this successful week. The middle schools in Central Valley continue to challenge our students to take ownership in their academic performance and our students continue to rise to the challenge. Way to go Evergreen students!

The fall sports season for 7th and 8th graders will conclude with Monday's last football game. On Monday, October 26th, 7th and 8th grade girl's volleyball will begin, followed by Wrestling for 7th and 8th graders on Tuesday, October 27th. Intramural wrestling for 6th graders will also start on Tuesday, October 27th. Students need to complete all of the participation forms and pay all participation fees before attending their first practice. Intramural participation forms for 6th graders are different than the 7th and 8th grade athletic participation forms. All forms include the new athlete/parent concussion information sheet. As with all middle school sports in Central Valley, we exercise a no-cut policy for our student/athletes, giving them an opportunity to participate.

Thank you to the parents that responded to last week's e-mail regarding stolen bikes. We've recovered all of our stolen bikes. Please continue to encourage your child to lock that bike!

In conjunction with "America Safe School Week," Mrs. Boyd and Mrs. Naccarato will continue to provide bullying and harassment awareness education to all of our students. Our upcoming November/December newsletter will provide parents with more information about the activities.

Congratulations to 7th Grader Tanner Bryant who was our Principal for a Day on Thursday, October 22nd. Tanner's name was drawn as part of the magazine drive's prizes and we spent the day together running the school. He started with the daily announcements, checked all the classrooms as we work on energy conservation, and help set-up for conferences. Great job Tanner!

## Calendar of Events
