

Dear Student,

Welcome to the fourth grade at Liberty Lake Elementary School! I'm excited about our upcoming school year and also about having you in my classroom. I know that we'll have a terrific fourth-grade year!

Fourth grade begins your intermediate grade level years. You can look forward to making new friends, as well as having many new academic experiences. You'll find a more detailed study of many subjects, with more emphasis on personal responsibility. Some of my goals for your fourth-grade year are:

- * working independently
- * completing assignments on time
- * self-discipline
- * daily completion of your Student Planner

I hope you have been reading over the summer and practicing your basic math facts. Bring your enthusiasm, interest, love of learning and good behavior to class. See you in September. Until then...enjoy the remaining days of summer!

Sincerely,

Ms. Cunningham
