Volunteers

We have wonderful parent volunteers in the classroom! I appreciate the help and support making the best program possible. If there are any other parents interested in volunteering at the school please come in and see me. I welcome your help and support.

Kindergarten Art Night!!

Wednesday, October 25, 2006!!

I would like to provide an opportunity for families to get together and have some fun. We will meet in the gym from 5:30 - 6:30 for an hour of art fun.

*If you are able to help me plan and prepare please call and let me know.

Sarah Ellis @ 228-4278

Math News!!

This week we will begin a math program that will support the school-wide goal of having a cohesive system of delivery that is aligned with the expectations of Washington State.

The curriculum newsletters and homework that will begin to go home with the children will refer, at times, to "first graders." This reference is because the kindergarten math program will include the first few units of the first grade curriculum to support the grade level expectations that are better covered in the first grade units.

Kindergarten Homework!

Every student should practice the individualized homework that is sent home in the zip-lock bags. Please practice every night.
