<b>Fourth Grade Math</b> We have finished the WASL—now on to measurement! We are getting into Unit 8 and will begin by focusing on area and perimeter.	<b>Third Grade Math</b> We have completed the WASL. Good job 3 <sup>rd</sup> graders—your first WASL. Next week we will begin Unit 10, measurement and data. Be prepared for homework starting up again.

## Expedition:

We had a great day at the MAC, Campbell House, and Coeur D'Alene Park. The Navigators have taken great interest and are doing a super job immersing themselves in Spokane history. Our most recent focus has been on the Age of Elegance and we are getting ready to begin our individual Spokane newspapers.

## Literacy

Students will be reading for information on a historical figure they will be profiling for their newspapers. As they organize their information, students will focus on writing introductions that “hook” their readers.

## Community Time and Service Project

We completed our Jump & Jog-a-thon today! Stay tuned to find out how much money we raised for Hutton Settlement.

## Study Hall

As stated in the previous newsletter, study hall will be for students who have not completed homework or class work due to poor time management or behavior issues. Those students assigned to study hall will be required to stay in the classroom the entire class period, regardless of how long it takes them to complete the work. Parent signatures will be required each time a student attends study hall.

### Field Work

Please be aware that when we schedule fieldwork, the number of chaperones we are able to take along varies with each destination. If you are interested in joining us, please talk to your student's teacher *in advance* to find out how many parents can be accommodated.

## Upcoming Events:

- May 6 & 13—Early Release for Teacher Collaboration
- May 12—Field Work at the Davenport Hotel
- May 25—Memorial Day—No School
