Math

Third Grade

We started Unit 10. The focus is on measurement. We are moving quickly through these skills and will move on to fractions next week.

We continue to work on multiplication using the partial-products algorithm.

Knowing multiplication facts makes this work easier. Keep practicing.

Fourth Grade

--We started unit 9 this week. Our focus is on converting fractions, decimals, and percents.

--Students are applying this knowledge to real world number stories dealing with percentages.

Expedition

Our May focus at Summit School is ecology. We kicked off the Navigator portion with a focus on recycling. We will be having guest speakers and going out for fieldwork as well as participating in a recycling project.

Literacy

-Students have begun to discuss new novels in their book clubs.

-We will continue to focus on the writing process.

Community Time

-Navigators completed their two weeks of running and charting their progress. Way to go!

-New community times start next week. Students will rotate through 3 different outdoor team sports. There will also be a daily study hall. Those students who have incomplete assignments/homework will spend community time making up their work.

Upcoming Events

- Wednesday, May 9—Early Release/Collaboration
- Monday, May 28—No School/Memorial Day
- Friday, June 1—All school BBQ/Ecology Culmination
